ITEM 2. MANAGEMENTS DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

(1) Management's Discussion and Analysis

The Registrant's consolidated revenue in 2019 increased to P80.4 million from P62.8 million in 2018. Equity in net earnings of associates improved to a gain of P5.3 million in 2019 from a loss of P14.2 million in 2018 as Pointwest successfully reduced its net losses by half in 2019 through its Retrenchment as it coped with the loss of a major account and revenue reduction from another major account. At the same time, Business Process Outsourcing International (BPOI), the Registrant's other associate showed improved earnings of P62.8 million in 2019 from P52.2 million in 2018. Interest income increased from \$\textit{P36.3} million in 2018 from \$\textit{P33.1} million in 2018 as interest levels have improved. A net foreign exchange loss of P22.9 million was recorded in 2019 versus a gain of P31.6 million in 2018 as the Peso improved against foreign currencies which penalized the foreign exchange denominated bonds and other securities held by the Registrant and its subsidiary. Rent increased from P23.2 million in 2018 to P25.1 million in 2019 due to escalation of rental rates. Gain on disposal of AFS, HTM and FVPL Financial Assets of P3.9 million was recorded in 2019 against a loss of P1.3 million in 2018. Dividend income increased from P3.7 million in 2018 to P4.9 million in 2019. Fair value gain on Financial Assets at FVPL was P27.7 million in 2019 compared to a loss of P14.2 million in 2018 as prices of listed securities improved.

Total consolidated expenses of the Registrant decreased to P36.7 million in 2019 compared to P41.8 million in 2018 due mainly to lower taxes and licenses which was higher in 2018 due to the acquisition of additional investment property.

As a result of the above, total consolidated income before tax in 2019 totaled P43.7 million compared to P21 million in 2018. After provision for income tax, total consolidated net income after tax totaled P33.7 million in 2019 compared to P13.1 million in 2018.

Net income attributable to non-controlling interest, namely minority shareholders of Magellan Capital Holdings Corporation, totaled P1.4 million in 2019 compared to P1.0 million in 2018.

Net income attributable to equity holders of the Registrant totaled \$\text{P32.2}\$ million in 2019 compared to \$\text{P12.1}\$ million in 2018.

The Registrant's financial position is very strong as it has substantial cash resources available to undertake its planned projects. As of December 31, 2019, the Registrant's consolidated cash and cash equivalent totaled over P582.3 million which was higher than the level of P571.4 million as of December 31, 2018 due to additional income in 2019. The Registrant and its subsidiary are planning to undertake development of MCHC's land in Fort Bonifacio into an office building as well as to acquire income producing properties as well as additional land for development. The Registrant and its subsidiary are debt free with total consolidated liabilities of P51.7 million at year-end 2019 compared to P39.8 million at year-end 2018. Total equity amounted to P1.9 billion as of the end of 2019 substantially the same level as at the end of 2018.

The Registrant and its subsidiary and affiliates are substantially debt free except for MUDC which has loans and advances from its principal shareholders. The Registrant and its subsidiaries have more than enough cash resources to meet any expected requirements in the next twelve months. Consolidated cash and cash equivalents at the end of 2019 totaled P582.3 million compared to P571.4 million at the end of 2018 while total current assets totaled P915.4 million at year-end 2019 compared to P841.4 billion at year-end 2018. Other than the normal fluctuation of the Peso exchange rate as well as the effect of the normal market fluctuations on the value of stock and bond holdings owned by the Registrant and its subsidiary, the Registrant is not aware of any trends, demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in its liquidity increasing or decreasing in any material way. Likewise, the Registrant does not know of any trends, events or uncertainties that have or that are reasonably expected to have a material favorable or unfavorable impact on the revenues or income from continuing operations.

(a) Operating Results and Financial Condition for the First Quarter of 2020

- (i) There are no known trends, demands, events or uncertainties that would have a material effect on the Issuer's liquidity.
- (ii) There are no known or anticipated events that would trigger direct or contingent financial obligation that is material to the Company including any default or acceleration of any obligation.
- (iii) There are no material off-balance sheet transaction, arrangements, obligations (including contingent obligations) and other relationship of the Company with unconsolidated entities or other persons created during first quarter of 2020 or in prior periods.
- (iv) There are no material commitments for capital expenditures, by the Company or its majority owned subsidiary.

- (v) There are no trends, events, or uncertainties that have had or that are reasonably expected to have a material favorable impact on net revenues/income from continuing operations except for possible unrealized or realized foreign exchange gains from the dollar denominated investments of the Company and its majority owned subsidiary and unrealized gains on trading securities and equity in net earnings of associates. These are generally recognized in the year-end Audited Financial Statements except for realized foreign exchange gain which are reported in the period realized.
- (vi) The Company did not realize any non-operating income in the first quarter of 2020 or in the first quarter of 2019 aside from unrealized gain on trading securities, gain on disposal of AFS/HTM investments and net unrealized foreign exchange gains.

The following is a detailed discussion of the Registrant's operations and financial condition during the first quarter of 2020 and first quarter of 2019.

Revenues. Consolidated Revenues, during the 3 month period ended March 31, 2020, totaled P12.5 million compared to P39.4 million during the same 3 month period in 2019. The absence of unrealized gain on trading securities and unrealized FX gain, accounted for the bulk of the decrease.

Expenses. Consolidated General and Administrative Expenses in the first quarter of 2020 totaled P47.8 million compared to P8.9 million in the first quarter of 2019. Unrealized loss on financial assets at FVPL of P39.5 million accounts for the bulk of the increase as global stock and bond markets were hit hard by the global COVID-19 pandemic.

Operating Income. As a result of the factors discussed above, consolidated operating loss in first quarter 2020 totaled P35.3 million compared to net income of P30.5 million in the same period of 2019.

Net Income. The Registrant had a net loss of P35.3 million during the first quarter of 2020 compared to net income of P30.5 million in the first quarter of 2019. The net loss in the first quarter of 2020 attributable to shareholders of the Company totaled P33.8 million while P1.5 million in net loss was attributable to minority shareholders in the company's majority owned subsidiary Magellan Capital Holdings Corporation. In the first quarter of 2019, P29.0 million net income was attributable to shareholders of the company and P1.3 million was attributable to minority shareholders in the Registrant's subsidiary.

F & J PRINCE HOLDINGS CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information

F & J Prince Holdings Corporation (the Parent Company) was registered with the Philippine Securities and Exchange Commission (SEC) on February 18, 1971. Its primary purpose is to purchase, subscribe for or otherwise acquire and own, hold, use, sell, assign, transfer, mortgage, pledge, exchange, or otherwise dispose of real and personal property of every kind and description, including, but not limited to, land, building, condominium units, shares of stock, bonds, debentures, notes, evidence of indebtedness and other securities, contracts or obligations of any corporation and associations, domestic or foreign. The term for which the Parent Company is to exist is 50 years from and after the date of incorporation.

The Parent Company's shares of stock are listed in and traded through the Philippine Stock Exchange (PSE). The principal activities of its subsidiaries are described in Note 2.

The registered office address of the Parent Company is 5th Floor, Citibank Center, 8741 Paseo de Roxas, Makati City.

The consolidated financial statements of the Parent Company and its subsidiaries (collectively referred to as the "Group") as of December 31, 2019 and 2018 and for each of the three years in the period ended December 31, 2019 were authorized for issue by the Board of Directors (BOD) on June 15, 2020.

2. Basis of Preparation, Statement of Compliance and Basis of Consolidation

Basis of Preparation

The consolidated financial statements have been prepared under the historical cost basis, except for financial assets at FVTPL and certain investments in debt and equity securities that have been measured at fair value (see Notes 7 and 10). The consolidated financial statements are presented in Philippine peso, which is the Parent Company's functional currency, and rounded off to the nearest peso, except when otherwise indicated.

Statement of Compliance

The consolidated financial statements of the Group have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs).

Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries as of December 31, 2019 and 2018. Control is achieved when the Group has power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee), is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary

begins when the Group obtains control over the subsidiary and ceases when the Group losses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the noncontrolling interests, even if this results in the noncontrolling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, noncontrolling interest and other components while any resultant gain or loss is recognized in consolidated statements of income. Any investment retained is recognized at fair value.

Transactions involving noncontrolling interest in a subsidiary without a change of control are accounted for as equity transactions. Any excess or deficit of consideration paid over the carrying amount of noncontrolling interest acquired is recognized in equity of the Group.

The financial statements of the subsidiaries are prepared for the same reporting period as the Parent Company. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All intercompany balances and transactions, including intercompany profits and losses, are eliminated.

Details on the subsidiaries as of December 31, 2019 and 2018 are as follows:

	Country of	Percentage
	Incorporation	of Ownership
Magellan Capital Holdings Corporation (MCHC)*	Philippines	94.37%
Pinamucan Industrial Estates, Inc. (PIEI)	Philippines	100%
Malabrigo Corporation (MC)	Philippines	100%
Magellan Capital Realty Development Corporation (MCRDC)**	Philippines	100%
Magellan Capital Trading Corporation (MCTC)**	Philippines	100%

^{*}Intermediate parent company

MCHC

MCHC is a holding company involved in investing real and personal properties of every kind, including, but not limited to, land, buildings, condominium units, shares of stock, bonds, and other securities of any corporation or association, domestic or foreign. MCHC was registered with SEC on November 6, 1990. MCHC has investments in subsidiaries, mainly PIEI, MC, MCRDC and MCTC.

PIEI

PIEI was organized primarily as a real estate developer and was registered with the SEC on May 5, 1993.

^{**}Non-operational since incorporation.

MC was organized primarily to purchase, operate, maintain and sell coal mines and their products and by-products. MC was registered with the SEC on August 31, 1993.

MCRDC

MCRDC was organized to purchase, subscribe for, or otherwise acquire and own, hold, use, sell, assign, transfer, mortgage, pledge, exchange or otherwise dispose of shares of stock, bonds, debentures, notes, evidence of indebtedness and other securities, contracts and obligations of any corporation or corporations, domestic or foreign. MCRDC was registered with the SEC on November 14, 1990 and has been non-operational since incorporation.

MCTC

MCTC was organized to conduct and carry on the business of buying, selling, distributing and marketing at wholesale and retail all kinds of goods, commodities, wares and merchandise. MCTC was registered in the SEC on January 7, 1991 and has been non-operational since incorporation.

3. Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following amended standards which were adopted as of January 1, 2019.

Amendments to PFRS 9, Prepayment Features with Negative Compensation

Under PFRS 9, a debt instrument can be measured at amortized cost or at fair value through other comprehensive income, provided that the contractual cash flows are 'solely payments of principal and interest on the principal amount outstanding' (the SPPI criterion) and the instrument is held within the appropriate business model for that classification. The amendments to PFRS 9 clarify that a financial asset passes the SPPI criterion regardless of the event or circumstance that causes the early termination of the contract and irrespective of which party pays or receives reasonable compensation for the early termination of the contract.

These amendments had no impact on the consolidated financial statements of the Group.

PFRS 16, Leases

PFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under PAS 17, *Leases*. The standard includes two recognition exemptions for lessees - leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less).

At the commencement date of a lease, a lessee will recognize a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognize the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an

index or rate used to determine those payments). The lessee will generally recognize the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under PFRS 16 is substantially unchanged from today's accounting under PAS 17. Lessors will continue to classify all leases using the same classification principle as in PAS 17 and distinguish between two types of leases: operating and finance leases.

The new accounting standard did not have any significant impact to the consolidated financial statements because the Group did not enter into any lease agreement as a lessee.

Amendments to PAS 19, Employee Benefits, Plan Amendment, Curtailment or Settlement

The amendments to PAS 19 address the accounting when a plan amendment, curtailment or settlement occurs during a reporting period. The amendments specify that when a plan amendment, curtailment or settlement occurs during the annual reporting period, an entity is required to:

- Determine current service cost for the remainder of the period after the plan amendment, curtailment or settlement, using the actuarial assumptions used to remeasure the net defined benefit liability (asset) reflecting the benefits offered under the plan and the plan assets after that event
- Determine net interest for the remainder of the period after the plan amendment, curtailment or settlement using: the net defined benefit liability (asset) reflecting the benefits offered under the plan and the plan assets after that event; and the discount rate used to remeasure that net defined benefit liability (asset).

The amendments also clarify that an entity first determines any past service cost, or a gain or loss on settlement, without considering the effect of the asset ceiling. This amount is recognized in profit or loss. An entity then determines the effect of the asset ceiling after the plan amendment, curtailment or settlement. Any change in that effect, excluding amounts included in the net interest, is recognized in other comprehensive income.

The amendments had no impact on the consolidated financial statements of the Group as it did not have any plan amendments, curtailments, or settlements during the period.

Amendments to PAS 28, Long-term Interests in Associates and Joint Ventures

The amendments clarify that an entity applies PFRS 9 to long-term interests in an associate or joint venture to which the equity method is not applied but that, in substance, form part of the net investment in the associate or joint venture (long-term interests). This clarification is relevant because it implies that the expected credit loss model in PFRS 9 applies to such long-term interests.

The amendments also clarified that, in applying PFRS 9, an entity does not take account of any losses of the associate or joint venture, or any impairment losses on the net investment, recognized as adjustments to the net investment in the associate or joint venture that arise from applying PAS 28, Investments in Associates and Joint Ventures.

These amendments had no impact on the consolidated financial statements as the Group does not have long-term interests in associates and joint venture to which equity method is not applied.

Philippine Interpretation IFRIC 23, Uncertainty over Income Tax Treatments

The Interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of Philippine Accounting Standards (PAS) 12, Income Taxes, and does not apply to taxes or levies outside the scope of PAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments.

The interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation authorities
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates
- How an entity considers changes in facts and circumstances

The entity is required to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and use the approach that better predicts the resolution of the uncertainty. The entity shall assume that the taxation authority will examine amounts that it has a right to examine and have full knowledge of all related information when making those examinations. If an entity concludes that it is not probable that the taxation authority will accept an uncertain tax treatment, it shall reflect the effect of the uncertainty for each uncertain tax treatment using the method the entity expects to better predict the resolution of the uncertainty.

Upon adoption of the Interpretation, the Group has assessed whether it has any uncertain tax position. The Group applies significant judgement in identifying uncertainties over its income tax treatments. The Group determined, based on its assessment, that it is probable that its uncertain tax treatments will be accepted by the taxation authorities. Accordingly, the interpretation did not have an impact on the Group's consolidated financial statements.

- Annual Improvements to PFRSs 2015–2017 Cycle
 - Amendments to PFRS 3, Business Combinations, and PFRS 11, Joint Arrangements, Previously Held Interest in a Joint Operation

The amendments clarify that, when an entity obtains control of a business that is a joint operation, it applies the requirements for a business combination achieved in stages, including remeasuring previously held interests in the assets and liabilities of the joint operation at fair value. In doing so, the acquirer remeasures its entire previously held interest in the joint operation.

A party that participates in, but does not have joint control of, a joint operation might obtain joint control of the joint operation in which the activity of the joint operation constitutes a business as defined in PFRS 3. The amendments clarify that the previously held interests in that joint operation are not remeasured.

An entity applies those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January

1, 2019 and to transactions in which it obtains joint control on or after the beginning of the first annual reporting period beginning on or after January 1, 2019, with early application permitted. These amendments had no impact on the consolidated financial statements of the Group as there is no transaction where joint control is obtained.

 Amendments to PAS 12, Income Tax Consequences of Payments on Financial Instruments Classified as Equity

The amendments clarify that the income tax consequences of dividends are linked more directly to past transactions or events that generated distributable profits than to distributions to owners. Therefore, an entity recognizes the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

An entity applies those amendments for annual reporting periods beginning on or after January 1, 2019, with early application is permitted. These amendments had no impact on the consolidated financial statements of the Group because dividends declared by the Group do not give rise to tax obligations under the current tax laws.

• Amendments to PAS 23, Borrowing Costs, Borrowing Costs Eligible for Capitalization

The amendments clarify that an entity treats as part of general borrowings any borrowing originally made to develop a qualifying asset when substantially all of the activities necessary to prepare that asset for its intended use or sale are complete.

An entity applies those amendments to borrowing costs incurred on or after the beginning of the annual reporting period in which the entity first applies those amendments. An entity applies those amendments for annual reporting periods beginning on or after January 1, 2019, with early application permitted.

Since the Group's current practice is in line with these amendments, they had no impact on the consolidated financial statements of the Group.

Effective Beginning on or after January 1, 2020

Amendments to PFRS 3, Definition of a Business

The amendments to PFRS 3 clarify the minimum requirements to be a business, remove the assessment of a market participant's ability to replace missing elements, and narrow the definition of outputs. The amendments also add guidance to assess whether an acquired process is substantive and add illustrative examples. An optional fair value concentration test is introduced which permits a simplified assessment of whether an acquired set of activities and assets is not a business.

An entity applies those amendments prospectively for annual reporting periods beginning on or after January 1, 2020, with earlier application permitted.

These amendments will apply on future business combinations of the Group.

 Amendments to PAS 1, Presentation of Financial Statements, and PAS 8, Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material

The amendments refine the definition of material in PAS 1 and align the definitions used across PFRSs and other pronouncements. They are intended to improve the understanding of the existing requirements rather than to significantly impact an entity's materiality judgements.

An entity applies those amendments prospectively for annual reporting periods beginning on or after January 1, 2020, with earlier application permitted.

Effective Beginning on or after January 1, 2023

PFRS 17, Insurance Contracts
 PFRS 17 is a comprehensive new accounting standard for insurance contracts covering

recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, Insurance Contracts. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting periods beginning on or after January 1, 2023, with comparative figures required. Early application is permitted.

These amendments have no significant impact on the consolidated financial statements,

Deferred effectivity

 Amendments to PFRS 10, Consolidated Financial Statements, and PAS 28, Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may

result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

The Group has not early adopted any other standards, interpretations or amendments that has been issued but is not yet effective.

20. Events After the Reporting Date

In a move to contain the COVID-19 outbreak, on March 13, 2020, the Office of the President of the Philippines issued a Memorandum directive to impose stringent social distancing measures in the National Capital Region effective March 15, 2020. On March 16, 2020, Presidential Proclamation No. 929 was issued, declaring a State of Calamity throughout the Philippines for a period of six (6) months and imposed an enhanced community quarantine (ECQ) throughout the island of Luzon until April 12, 2020, which was subsequently extended to May 15, 2020. National Capital Region (NCR) and other high-risk areas were under modified ECQ until May 31, 2020. Starting June 1, 2020 until June 15, 2020, Metro Manila and certain places in the Philippines were placed under general community quarantine. These measures have caused disruptions to businesses and economic activities, and its impact on businesses continue to evolve.

The Group considers the events surrounding the outbreak as non-adjusting subsequent events, which do not impact its financial position and performance as of and for the year ended December 31, 2019. The Group have not seen any significant impact to its operation resulting from the outbreak as of the date of this report, but considering the evolving nature of this outbreak, the Group will continue to monitor the situation to determine the possible impact to its financial position, performance and cash flows in the future.
