ITEM 2. MANAGEMENTS DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

(1) Management's Discussion and Analysis

The Registrant's consolidated revenue in 2015 increased by 56% to ₱183.5 million from ₱117.9 million in 2014. Equity in net earnings of associates increased by 45% from ₱72.6 million in 2014 to ₱105.4 million in 2015 as the Registrant's outsourcing affiliates especially Pointwest experienced strong earnings growth as revenues jumped. Interest income increased from ₱ 37.7 million in 2014 to ₱ 39.2 million in 2015 as interest levels have stabilized and started to inch up. A net foreign exchange gain of ₱22.8 million was recorded in 2015 as the Peso declined against foreign currencies which benefitted the foreign exchange denominated bonds and other securities hold by the Registrant and its subsidiary against a foreign exchange loss in 2014. Rent more than doubled from ₱4.5 million in 2014 from ₱12.8 million in 2015 due to escalation of rental rates and the leasing out of additional condominium office units in 2014. Gain on disposal of AFS, HTM and FVPL Financial Assets of ₱1.5 million was recorded in 2015 against ₱0.2 million in 2014. Dividend income decreased from ₱2.3 million in 2014 to ₱1.5 million in 2015.

Total consolidated expenses of the Registrant increased to ₱35.3 million in 2015 compared to ₱34 million in 2014. Fair Value losses of financial assets at FVPL of ₱6.0 million and impairment loss on AFS Financial assets of ₱2.1 million were partly offset by reduction in FX loss and loss on disposal of AFS financial asset.

As a result of the above, total consolidated income before tax in 2015 totalled ₱148.2 million compared to ₱83.9 million in 2014. After provision for income tax, total consolidated net income after tax totalled ₱139.6 million in 2015 compared to ₱78.8 million in 2014 or an increase of 77%.

Net income attributable to non-controlling interest, namely minority shareholder of Magellan Capital Holdings Corporation, totalled ₱1.2 million in 2015 compared to ₱1.5 million in 2014.

The Registrant's financial position is very strong as it has substantial cash resources available to undertake its planned projects. As of December 31, 2015, the Registrant's consolidated cash and cash equivalent totaled over ₱965.6 million which was higher than the level of ₱946.8 million as of December 31, 2014 due to inflow of dividend, rental and interest income. The Registrant and its subsidiary is planning to undertake development of MCHC's land in Fort Bonifacio into an income producing building as well as to acquire income producing properties as well as additional land for

development. The Registrant and its subsidiary are debt free with total consolidated liabilities of ₱32.8 million compared to total equity of ₱1.8 billion as of the end of 2015.

The Registrant and its subsidiary and affiliates are substantially debt free except for MUDC which has loans and advances from its principal shareholders. The Registrant and its subsidiaries have more than enough cash resources to meet any expected requirements in the next twelve months. Consolidated cash and cash equivalents at the end of 2015 totalled ₱965 million compared to ₱946.8 million at the end of 2014 while total current assets totalled ₱1.1 billion at year-end 2015 the same level as at year -end 2014. Other than the normal fluctuation of the Peso exchange rate as well as the effect of the normal market fluctuations on the value of stock and bond holdings owned by the Registrant and its subsidiary, the Registrant is not aware of any trends, demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in its liquidity increasing or decreasing in any material way. Likewise, the Registrant does not know of any trends, events or uncertainties that have or that are reasonably expected to have a material favorable or unfavorable impact on the revenues or income from continuing operations.

(a) Operating Results and Financial Condition for the First Quarter of 2016

- (i) There are no known trends, demands, events or uncertainties that would have a material effect on the Issuer's liquidity.
- (ii) There are no known or anticipated events that would trigger direct or contingent financial obligation that is material to the Company including any default or acceleration of any obligation.
- (iii) There are no material off-balance sheet transaction, arrangements, obligations (including contingent obligations) and other relationship of the Company with unconsolidated entities or other persons created during first quarter of 2016 or in prior periods.
- (iv) There are no material commitments for capital expenditures, by the Company or its majority owned subsidiary and equity in net earnings of association.
- (v) There are no trends, events, or uncertainties that have had or that are reasonably expected to have a material favorable impact on net revenues/income from continuing operations except for possible unrealized or realized foreign exchange gains from the dollar denominated investments of the Company and its majority owned subsidiary and equity in net earnings of associates. These are generally recognized in the year-end Audited Financial Statements except for realized foreign exchange gain which are reported in the period realized.

- (vi) The Company did not realize any non-operating income in the first quarter of 2016 or in the first quarter of 2015 aside from unrealized gain on trading securities, gain on disposal of AFS/HTM investments and net unrealized foreign exchange gains.

The following is a detailed discussion of the Registrant's operations and financial condition during the first quarter of 2016 and first quarter of 2015.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those followed in the preparation of the Group's annual financial statements for the year ended December 31, 2015, except for the following adoption of new and amended Philippine Financial Reporting Standards (PFRS), which are effective as of January 1, 2016:

- PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investments in Associates and Joint Ventures - Investment Entities: Applying the Consolidated Exceptions* (Amendments)

These amendments clarify that the exemption in PFRS 10 from presenting consolidated financial statement applies to parent entity that is a subsidiary of an investment entity that measures all of its subsidiaries at fair value and that only a subsidiary of an investment entity that is not an investment entity itself and that provides support services to the investment entity is consolidated. The amendments also allow an investor (that is not an investment entity and has an investment entity associate or joint venture), when applying the equity method, to retain the fair value measurement applied by the investment entity associate or joint venture to its subsidiaries. These amendments do not have any impact on the Group's interim condensed consolidated financial statements.

- PAS 27, *Separate Financial Statements - Equity Method in Separate Financial Statements* (Amendments)

The amendments will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. Entities already applying PFRS and electing to change to the equity method in its separate financial statements will have to apply that change retrospectively. These amendments do not have any impact on the Group's interim condensed consolidated financial statements.

- PFRS 11, *Joint Arrangements - Accounting for Acquisitions of Interests in Joint Operations* (Amendments)

The amendments to PFRS 11 require that a joint operator accounting for the acquisition of an interest in a joint operation, in which the activity of the joint operation constitutes a business to apply the relevant PFRS 3 principles for business combinations accounting. The amendments also clarify that a previously held interest in a joint operation is not remeasured on the acquisition of an additional interest in the same joint operation while joint control is retained. In addition, a scope exclusion has been added to PFRS 11 to specify that the amendments do not apply when the parties sharing joint control, including the reporting entity, are under common control of the same ultimate controlling party.

The amendments apply to both the acquisition of the initial interest in a joint operation and the acquisition of any additional interests in the same joint operation and are to be applied retrospectively, with early adoption permitted. These amendments do not have any impact to the Group.

- PAS 1, *Presentation of Financial Statement - Disclosure Initiative* (Amendments)

The amendments are intended to assist entities in applying judgment when meeting the presentation and disclosure requirements in PFRS. They clarify the following:

- That specific line items in the statement of income and OCI and the statement of financial position may disaggregated
- That entities have flexibility as to the order in which they present the notes to financial statements
- That the share of OCI of associates and joint ventures accounted for using the equity method must be presented in aggregate as a single line item, and classifies between those items that will or will not be subsequently reclassified to profit or loss.

These amendments do not have any impact to the Group.

- **PFRS 14, *Regulatory Deferral Accounts***
PFRS 14 is an optional standard that allows an entity, whose activities are subject to rate-regulation, to continue applying most of its existing accounting policies for regulatory deferral account balances upon its first-time adoption of PFRS. Entities that adopt PFRS 14 must present the regulatory deferral accounts as separate line items on the statements of financial position and present movements in these account balances as separate line items in the statements of profit or loss and other comprehensive income. The standard requires disclosures on the nature of, and risks associated with, the entity's rate-regulation and the effects of that rate-regulation on its financial statements. Since the Group is an existing PFRS preparer, this standard would not apply.
- **PAS 16, *Property, Plant and Equipment*, and PAS 41, *Agriculture - Bearer Plants* (Amendments)**
The amendments change the accounting requirements for biological assets that meet the definition of bearer plants. Under the amendments, biological assets that meet the definition of bearer plants will no longer be within the scope of PAS 41. Instead, PAS 16 will apply. After initial recognition, bearer plants will be measured under PAS 16 at accumulated cost (before maturity) and using either the cost model or revaluation model (after maturity). The amendments also require that produce that grows on bearer plants will remain in the scope of PAS 41 measured at fair value less costs to sell. For government grants related to bearer plants, PAS 20, *Accounting for Government Grants and Disclosure of Government Assistance*, will apply. These amendments do not expected have any impact to the Group as the Group does not have any bearer plants.
- **PAS 16, *Property, Plant and Equipment*, and PAS 38, *Intangible Assets - Clarification of Acceptable Methods of Depreciation and Amortization* (Amendments)**
The amendments clarify the principle in PAS 16 and PAS 38 that revenue reflects a pattern of economic benefits that are generated from operating a business (of which the asset is part) rather than the economic benefits that are consumed through use of the asset. As a result, a revenue-based method cannot be used to depreciate property, plant and equipment and may only be used in very limited circumstances to amortize intangible assets. The amendments are to be applied prospectively, with early adoption permitted. These amendments do not have any impact to the Group given that the Group has not used a revenue-based method to depreciate its noncurrent assets.

Annual Improvements to PFRSs (2012 - 2014 cycle)

The Annual Improvements to PFRSs (2012-2014 cycle) are effective for annual periods beginning on or after January 1, 2016 and do not have a material impact on the Group.

- PFRS 5, *Non-current Assets Held for Sale and Discontinued Operations - Changes in Methods of Disposal***
 The amendment is applied prospectively and clarifies that changing from a disposal through sale to a disposal through distribution to owners and vice-versa should not be considered to be a new plan of disposal, rather it is a continuation of the original plan. There is, therefore, no interruption of the application of the requirements in PFRS 5. The amendment also clarifies that changing the disposal method does not change the date of classification.
- PFRS 7, *Financial Instruments: Disclosures - Servicing Contracts***
 PFRS 7 requires an entity to provide disclosures for any continuing involvement in a transferred asset that is derecognized in its entirety. The amendment clarifies that a servicing contract that includes a fee can constitute continuing involvement in a financial asset. An entity must assess the nature of the fee and arrangement against the guidance in PFRS 7 in order to assess whether the disclosures are required. The amendment is to be applied such that the assessment of which servicing contracts constitute continuing involvement will need to be done retrospectively. However, comparative disclosures are not required to be provided for any period beginning before the annual period in which the entity first applies the amendments.
- PFRS 7, *Applicability of the Amendments to PFRS 7 to Condensed Interim Financial Statements***
 This amendment is applied retrospectively and clarifies that the disclosures on offsetting of financial assets and financial liabilities are not required in the condensed interim financial report unless they provide a significant update to the information reported in the most recent annual report.
- PAS 19, *Employee Benefits - Regional Market Issue Regarding Discount Rate***
 This amendment is applied prospectively and clarifies that market depth of high quality corporate bonds is assessed based on the currency in which the obligation is denominated, rather than the country where the obligation is located. When there is no deep market for high quality corporate bonds in that currency, government bond rates must be used.
- PAS 34, *Interim Financial Reporting - Disclosure of Information 'Elsewhere in the Interim Financial Report'***
 The amendment is applied retrospectively and clarifies that the required interim disclosures must either be in the interim financial statements or incorporated by cross-reference between the interim financial statements and wherever they are included within the greater interim financial report (e.g., in the management commentary or risk report).

PTC

PTC is a global service company outsourcing information technology services from the Philippines. Among others, it offers software servicing, maintenance, testing and development to various clients, mostly in the US.

a. Dividends

The Group's share in the dividends declared by PTC amounted to ₱58 million and ₱45 million in 2015 and 2014, respectively. As of March 31, 2016 and December 31, 2015, the outstanding dividend receivable amounted to ₱10.6 million, respectively.

b. Deposit for Stock Subscription

On December 1, 2014, PTC's authorized capital stock was increased from 400 million shares, with par value of ₱1 per share to 500 million shares with the same par value.

In compliance with the minimum subscription requirement for the application of the increase of PTC's capital stock, its stockholders, including the Group, deposited a total amount of ₱6.3 million, representing 25% of the minimum subscription of the capital increase. The Group maintained its percentage ownership over PTC by providing an advance payment amounting to ₱1.9 million in 2014.

On August 26, 2015, the Group deposited a total amount of ₱5.6 million, representing the remaining balance for subscription of capital increase.

On September 21, 2015, the SEC has approved PTC's application for increase in authorized capital stock. Accordingly, the deposit for stock subscription amounting to ₱7.5 million was converted to capital stock.

BPO

BPO is a provider of accounting and finance related services such as payroll, internal audit, payables processing and others. It is involved in outsourcing business process services in the Philippines, servicing many of the multinational and large corporations operating in the country.

The Group's share in the dividends declared amounted to ₱10.5 million and ₱10.5 million in 2015 and 2014, respectively. As of March 31, 2016 and December 31, 2015, the Group has an outstanding receivable amounting to ₱10.5 million.

MUDC

The Group has a 43% interest in MUDC. As of March 31, 2016, MUDC has been nonoperational since its incorporation. However, it has obtained the necessary requirements for the signing of a supply agreement with a public utility firm and a purchase agreement with certain oil companies. As of December 31, 2015 and 2014, MUDC has project development costs of ₱207.1 million. The recoverability of these assets and the ultimate success of MUDC's future operations are dependent upon the signing of these agreements. The foregoing conditions indicate the existence of a material uncertainty which may cast significant doubt on MUDC's ability to continue as a going concern and the recoverability of the Group's significant investment in MUDC.

As of December 31, 2015 and 2014, MUDC has incurred significant losses, which resulted in capital deficiency.

Moreover, the Group's share in the losses of MUDC exceeded the carrying amount of its investment. Consequently, the Group has discontinued recognizing its share of further losses in excess of the investment cost of ₱94.9 million as of December 31, 2015 and 2014.

Additional losses are provided for by the Group to the extent that it has made payments on behalf of MUDC to satisfy MUDC's obligations that the Group has guaranteed or otherwise committed.

As of December 31, 2015 and 2014, the Group has assessed that its advances to MUDC amounting to ₱127.7 million are impaired since management believes that it will no longer recover from such advances.
